Autumn 1 Safeguarding Update.

Dear Parents/Guardians,

Welcome back to another year. We would normally gather with parents from each year group for an e-safety and safeguarding update however due to the current circumstance we are unable to do this.

Due to Covid-19, we are aware that lots of children have needed access to computers to complete work and have used technology to communicate with family and friends. How wonderful it is that we can do such things now! However we must reinforce that this comes with risk and children should be supervised when using technology to ensure their safety.

Please be aware that social media is often legally aged at 13 years old and above. There can be a lot of distressing and inappropriate content on such sites including; as you may already be aware; there is currently an extremely distressing video circulating on TikTok which children should not be exposed to.

Children are not permitted to access any social media websites in school and therefore any access they do have may be from home so school will not take responsibility for following up any issues which arise from accessing these sites.

For further information, our website has a section on internet safety which shows the age limits for such websites and apps. Please use this as reference and speak to your child's class teacher or a member of staff if you are unsure about anything on there.

Yours Sincerely

Mrs Kielstra and Miss S Wood
