Dear Parents, carers and children,

It has been another busy week of learning at home and in school. Many of you have been doing additional activities around Children's Mental Health Week and having been sharing tips about how we can all keep our minds healthy. Well done!

This week the government released the following revised guidelines:

Schools should have a system in place to check pupils' engagement with work on a daily basis.

Schools can decide how this will take place. It could include:
monitoring pupils' attendance at live or recorded lessons
checking that pupils have understood and completed their work
direct contact with pupils

Thank you for your support with this.

From Monday you were all asked to begin sending us pictures of your child's Maths and English work each day. Many of you have got into the swing of this, please make sure this is done every day. It is an important record for us of the learning taking place and will help us plan for the return to school.

Friday summary feedback must still take place to give us an overview of the learning that has taken place across the week. Please use the method you find easiest, either email or a message via Class Dojo.

Remember, every Friday is 'Screen Free Friday'. Try and do something enjoyable at home which takes you away from the screen.

If you have a problems or questions relating to your Remote Learning, please email or message your class teacher via Class Dojo.
