

School Council

We are Holy Souls' School Council. We have been voted in by our classmates.

We meet together each half term with our Senior Leadership Team. We talk about ways our school can be improved and what would make our school even happier. Sometimes we take issues and ideas back to our class to talk about further and then meet again.

Going to HSSC meetings helps me feel like a leader. You are responsible for what happens in school. I feel like I lead the other children especially the young children and set them a good example.

At the meetings we talk about how we can make our school better. For example How can we make our playground better? It makes everyone, including me, feel safe. It makes me feel good and more confident to speak in class.

Homework helps us to learn at home. We practise our skills at home to help our learning. If you need some more time to work on it you can talk with your parents about it.

Our Inspire Workshops help our parents to learn with us. They help our parents to understand the work we are doing so they can help us at home.

In KS2 you learn how to do harder maths. You learn how to improve your work.

Our school is very organised. The school does not tolerate child not behaving.

**I feel happy at school.
I like learning. I like being challenged in my learning.**

We look after each other and I feel safe at school.

I like doing Maths and my teachers help me to learn.

Our learning is challenging and our teachers guide us and show us how to work out the answer.

I can talk to any adult about anything in school.

You can talk to a safe adult in school if you are scared or worried about anything. You can talk to anyone you feel comfortable with.
